Commitment Update

Established policies and procedures to ensure safety and effectiveness. Establish criteria for blood conservation and monitor usage. Education programs for care partners are ongoing. We monitor compliance with blood utilization practices. Patient Blood Management Committee uses APSS to provide EBP guidance.

Please describe any best practices your organization has learned through your commitment and share valuable lessons or challenges that were overcome.

Less is More campaign and getting providers to comply with recommendations of 1 Unit Orders. Currently, greater than 75% of the time we are getting 1 unit orders, but the success of this has come with time.
