Parrish Medical Center

APSS

What Patient Safety Challenge does your Commitment address?

Challenge 2F - Central Line-associated blood-stream infections (CLABSI)

Commitment Name

CLABSI-Central Line Associated Bloodstream Infection - Update - 11.27.2019

How many hospitals are represented in this commitment?

Last Report	Current
1	1

Did you download and use the APSS in tandem with your action plan?

Yes

If yes, was the APSS valuable?

Yes

Commitment Details

Commitment Update

Review and implement EBP for central line insertion. Continue monitoring blood cultures for events, maintain EBP bundles, perform daily needs assessment for devices, eliminate unnecessary blood draws from lines, perform RCA's on all CLABSI's, document tubing changes, audit central lines for compliance. Start January 2020, monitor daily/report monthly, complete by Jan 2021.

Please describe any best practices your organization has learned through your commitment and share valuable lessons or challenges that were overcome.

Develop multidisciplinary team to evaluate and implement EBP to maintain zero occurrence.
