Commitment Details

Commitment Summary

Neonatal, Pediatric, and Anesthesiology representation (expertise) is vital. The action plans of UE are partially established. However, educational programs and root cause analysis are incomplete.

Action Plan

1. To complete our airway safety team, including EMS, neonatal, pediatric and anesthesiology departments. 2. To establish a more comprehensive educational program, using patient stories as materials for staff training. 3. To perform root cause analysis for the UEs resulting in clinically significant complication periodically.
