## Commitment Details

---

### Commitment Summary

We can establish the policies about the education for family, the records of patients with venous thromboembolism in electrical chart, and the learning of VTE-related knowledge.

### Action Plan

First, we can review the VTE prophylaxis guidelines, VTE risk assessment tool, and other VTE-related knowledge in the morning meeting. We will find the best policy from the previous studies. Then make the policies which we can do. We will also educate the family the basic knowledge about how to prevent and manage the VTE.
