

## **Connecticut Center for Patient Safety Commitment to Action Letter**

Connecticut Center for Patient Safety is pleased to announce their support of the Patient Safety Movement Foundation (PSMF) and mission to eliminate preventable deaths.

As a committed organization, my organization will demonstrate alliance with the PSMF by:

1. Spreading the mission to eliminate preventable deaths to Connecticut Center for Patient Safety members and network  
2. Working with the PSMF to help identify subject matter experts to join our Actionable Patient Safety Solution's (APSS) workgroups  
3. Asking members of Connecticut Center for Patient Safety who are leaders working in hospitals to implement APSS, or share their own commitments to action to the PSMF

We at Connecticut Center for Patient Safety are excited to announce our commitment to the Patient Safety Movement Foundation to reduce preventable death and improve patient safety.

Signed,

Connecticut Center for Patient Safety
