Commitment Details

**Commitment Name**  
Patient Blood Management Program

**What Patient Safety Challenge does your Commitment address?**  
Challenge 5 - Patient Blood Management

**Commitment Start Date**  
01/01/2017

**How Many Hospitals Will This Commitment Represent**  

Patient Safety Movement Foundation | patientsafetymovement.org
**Action Plan**

Patient Blood Management (PBM) encompasses three standard clinical pillars: 1) Apply evidence-based medical and surgical approaches to manage anemia/blood loss 2) Optimize hemostasis interoperatively and, 3) Minimize blood loss and transfusion risk post operatively. These pillars are reinforced with departmental reporting of all surgical and inpatient procedures involving transfusion. (alerts)
