Impact Details

Lives Lost in Last Calendar Year
375000

How many lives do you expect to spare from harm in the next calendar year?
37500

How many lives do you expect to save in the next calendar year?
3750

Methodology for Determining Lives Saved
Within the 13 recent largest trials (including our own trial with 129,000 patients) with more than 800,000 patients, Patient Blood Management saved 1,220 lives. Extrapolating these numbers to 324 million surgeries per year worldwide, Patient Blood Management has the potential to save 494,100 lives per year.
