Action Plan
1. Adopt Safety as a new core value for Sharp HealthCare.
2. Formulate a committee to explore and implement high reliability principles and commit to becoming a HRO.
3. Standardize and mandate safety training from Board to Bedside.
4. Implement team training for key physicians.
5. Add specific safety section to Sharp’s annual performance targets - including hand-washing, AHRQ Culture of Safety Survey scores, employee injuries, and eliminating overlap registrations - in addition to the quality measures of mortality, readmissions and complications.
