Action Plan
Our organization's mission and goal related to reducing preventable deaths: To provide the highest quality of medical care and preventive care, thus creating a healthy community. 1. To pursue justifiable operation and sustainable development. 2. To create a healthy and happy workplace. 3. (a) To provide services that meet the expectancy of our patients and
staff. (b) To internationalize our medical services 4. To enhance our ability in providing acute
and critical care 5. To create a safe healthcare environment, increase medical quality 6. To
enhance information application and management 7. To increase teaching and clinical
research 8. To dedicate ourselves in improving the health status of our community 9. To
fulfill our social responsibility Action Plan: 1. To improve the correct, complete and
immediacy of delivery of information: establishment of care, intensive care unit physician,
resident ISBAR information shift system. 2. To strengthen the effective communication and
teamwork between medical teams The concept and action: to promote the composition of
the hospital across the team, (Team Resource Management, TRM) 3. To promote the
sharing of medical decision-making (Shared Decision Making, SDM): constitute the SDM
team, the development of medical sharing aids and clinical path 4. Patient-focused
methodology (PFM) check mechanism: Conducting PFM workshops and actual clinical review

Commitment Update
Our organization's mission and goal related to reducing preventable deaths: To provide the
highest quality of medical care and preventive care, thus creating a healthy community. 1.
