Action Plan
1. Recruit hospitals with maternity services to CMQCC and PSF
2. Increase data reporting to CMQCC database: California Maternal Data Center (CMDC)
3. Develop method of data capturing at state level
4. Distribute evidence-based guidelines and playbooks
5. Provide...
ongoing performance feedback 6. Conduct collaboratives to support hospital and medical staff in change management 7. Develop mentors for hospitals and medical staff

**Commitment Update**
1. Continue to recruit remaining hospitals with maternity services to CMQCC and increase data reporting to the California Maternal Data Center 2. Support the dissemination of evidence-based guidelines and playbooks 3. Support statewide and national learning collaboratives dedicated to building the capacity for improvement in maternity care with leadership and technical support 4. Engage senior leaders 5. Encourage data transparency

**Other**
Challenge 11 - Obstetric Safety

Please describe any best practices your organization has learned through your commitment and share valuable lessons or challenges that were overcome
1. Standardize the approach to safety protocols through standardized responses to clinical changes, order sets, risk assessments and other methods 2. Support the work of improvement teams through education, training and peer mentorship 3. Provide an avenue for data transparency
