

Over **200,000** patients die every year due to preventable causes

With your help we can make that number

ZERO
by 2020

Tell us how you're improving patient safety in

FIVE easy steps

1

What are you doing to eliminate preventable deaths?

2

Who is involved?

3

How will you do it?

4

How will you measure your progress?

5

How many lives will you save?

Make your commitment today!

Patient Safety
MOVEMENT
zero preventable deaths by 2020
