Benefactor:
Medtronic

Connecting the dots between all stakeholders to reach ZERO preventable deaths
MISSION: TO ELIMINATE PREVENTABLE DEATHS IN HOSPITALS ACROSS THE WORLD

Within seven short years, over 4,710 healthcare organizations full of compassionate caregivers, bold entrepreneurs, and wise leaders from across the world made Commitments to the Patient Safety Movement Foundation’s mission; to eliminate preventable patient deaths in hospitals across the world. These sustainable Commitments will transform what was once a vision into a reality, serving as a catalyst that will galvanize the healthcare system as a whole.

We now convene for the 8th year at the annual World Patient Safety, Science & Technology Summit where our vision originated, bringing the world’s leading patient safety front runners across the continuum of care, together, to share ideas and discuss solutions.

With your help, support and commitment, we have been able to save over 90,146 lives in 2018 alone and over 273,077 cumulatively since 2012.

Your sponsorship now will directly impact our goal of ZERO preventable deaths and aid us in facilitating a venue for education for all stakeholders to advance patient safety goals by sharing their knowledge with one another, strategically planning for actionable processes, and empowering institutions to implement actionable solutions. By presenting each critical patient safety challenge with a solution that’s both actionable and effective, we will see an end in sight for these preventable tragedies.

This Movement began in 2012 because of a multidisciplinary group of individuals’ vision, leadership, and action. As we advance closer to ZERO each year, collectively taking action-oriented and scientific steps that impact the healthcare community and effectuate change, we will transform healthcare across the world.

Help us spread the word, grow the movement, and save lives by joining us as partners and sponsoring the 2020 World Patient Safety, Science & Technology Summit. Your sponsorship is an opportunity to be a part of something meaningful. ZERO is possible, but only with your help.

With profound appreciation,

Joe Kiani
Founder & Chairman
The Patient Safety Movement Foundation is committed to eliminating over 200,000 preventable patient deaths in the U.S. and over 4.8 million globally.

**TOGETHER WE WILL REACH ZERO PREVENTABLE DEATHS**

The PSMF is a commitment-based organization that connects the dots between people, ideas, and technologies that are traditionally siloed in our healthcare system. We encourage commitments from healthcare organizations to implement actionable patient safety solutions and pledges from healthcare technology companies to share their data. Together we will:

1. Unify the healthcare ecosystem (hospitals, healthcare technology companies, government agencies, policy makers, patient advocates, clinicians, engineers, payers, etc.)
2. Identify the challenges that are killing patients to create actionable solutions (Actionable Patient Safety Solutions)
3. Ask hospitals to implement Actionable Patient Safety Solutions (APSS)
4. Ask healthcare technology companies to share the data their devices generate in order to create a Patient Data Super Highway to help identify at-risk patients
5. Promote transparency and aligned incentives
6. Promote patient dignity & love
7. Educate providers, health professionals in training, patients, and families about patient safety

**ONE PLUS 90,145 LIVES SAVED**

At our 2019, 7th Annual World Patient Safety, Science & Technology Summit in Huntington Beach, California, we announced over 4,710 hospitals and 89 healthcare technology companies made public commitments to ZERO, resulting in 90,146 lives saved.

We say “one plus 90,145” because it is important to remember that our commitment is to every life saved, not to the elimination of a statistic. We are extremely proud of our progress to date and prouder still that the world will be enriched by 90,146 more of our loved ones this year.

Achieving ZERO will require these numbers to grow exponentially each year, so we implore you to take action.
2013
Lives Saved: 63
Hospitals: 51
Health Tech: 9

2014
Lives Saved: 603
Hospitals: 100
Health Tech: 38

2015
Lives Saved: 6,571
Hospitals: 515
Health Tech: 40

2016
Lives Saved: 24,643
Hospitals: 1,624
Health Tech: 45

2017
Lives Saved: 69,519
Hospitals: 3,526
Health Tech: 69

2018
Lives Saved: 81,533
Hospitals: 4,598
Health Tech: 83

2019
Lives Saved: 90,146
Hospitals: 4,710
Health Tech: 89

* Numbers are based on data provided by committed hospitals.
The World Patient Safety Science & Technology Summit is an annual educational event that brings together the world’s leading patient safety frontrunners across the continuum of care to share ideas and discuss solutions to the leading challenges that cause preventable patient deaths in hospitals. The Summit is a forum for making connections with the right people, sparking practical, actionable and much needed solutions, and paving the way for thought leaders and visionaries to advance patient safety goals.

WHY SUPPORT THE 2020 WORLD PATIENT SAFETY, SCIENCE & TECHNOLOGY SUMMIT?

Your support of the 8th annual World Patient Safety, Science & Technology Summit will sustain our vision of education globally to eliminate preventable deaths in hospitals across the world as well as amplify your organization’s presence as a leader and advocate for patient safety.

Your sponsorship will put your organization in the spotlight and will help connect you with Summit attendees, which includes healthcare professionals, healthcare technology companies, policymakers, pharmacists, media and patient advocates who are eager to find out more about your organization.

Sponsoring the 2020 World Patient Safety, Science & Technology Summit is a tangible way to showcase your commitment to ZERO and will play a significant role in helping us attain our objectives at an accelerated pace!

The Patient Safety Movement Foundation invites your organization to sponsor the 8th annual World Patient Safety, Science and Technology Summit on March 5-7, 2020, in Huntington Beach, California. There are several sponsorship levels, each designed to maximize your involvement and exposure at the Summit. Regardless of your level of sponsorship, your support for the Patient Safety Movement Foundation’s annual event will greatly enhance the experience for Summit attendees, who are eager to improve patient safety and reduce preventable deaths from occurring in hospitals across the world. Customized benefits and packages are available by request.
