LifeWings Commitment to Action

LifeWings Partners LLC is happy to announce their support of the Patient Safety Movement Foundation (PSMF) and their mission to eliminate preventable deaths by 2020 (0X2020).

LifeWings Partners LLC is a team of physicians, nurses, former NASA astronauts, former military flight surgeons, pilots, flight crew, former military officers, and healthcare risk managers. Our team provides to healthcare facilities the best practices of high reliability organizations as they seek to eliminate patient harm.

As a committed organization, LifeWings commits to demonstrating our alliance with PSMF by the following actions:

1. Spreading the mission of 0X2020 to LifeWings healthcare partners.
2. Annually disseminating Actionable Patient Safety Solutions (APSS) to our healthcare partners.
3. Asking our partners to implement APSS, or share their own successful processes, to eliminate preventable deaths. And,
4. Encouraging our partners to make their own commitments to action with the Patient Safety Movement Foundation.
