**Carlos Slim Foundation
Commitment to Action**

The Carlos Slim Foundation is pleased to announce their support of the Patient Safety Movement Foundation (PSMF) and mission to eliminate preventable deaths by 2020 (OX2020).

The Carlos Slim Foundation has the main mission to address better solution for main health problems faced by the most vulnerable populations in Mexico and Latin America are preventable. Carlos Slim Foundation works along with public and private institutions to find innovative, sustainable and replicable solutions, through various comprehensive programs to allow more people to live longer and better.

With the goal of reducing maternal and infant mortality through the use of technology and the integration of primary health care clinics and hospitals in maternal health networks, this model has successfully improved healthcare for pregnant women. AMANECE operates in partnership with federal and state governments. In 11 local states and more than 45 hospitals As a committed organization, the Carlos Slim Foundation will demonstrate alliance with PSMF by:

1. Spreading the mission of OX2020 to Carlos Slim Foundation members and network
2. Participating in the PSMF's Actionable Patient Safety Solution's (APSS) workgroups and helping to identify subject matter experts to contribute to the development of interested topics (*i.e. Optimizing Obstetric Safety workgroup*)
3. Translating the PSMF's Actionable Patient Safety Solutions into Spanish
4. Asking members of the Carlos Slim Foundation who are leaders working in hospitals to implement APSS, or share their own successful processes, to eliminate preventable deaths. And, make their own commitments to action to the PSMF.

We at the Carlos Slim Foundation are excited to announce our commitment to improve patient safety.
