Cardinal Health is pleased to announce our support of the Patient Safety Movement Foundation (PSMF) and mission to eliminate preventable deaths by 2020 (0X2020). Our vision is the very best health for individuals and communities. Our mission is to be a catalyst for positive change in healthcare, population health and our communities through partnerships and strategic philanthropy.

As a committed organization, Cardinal Health will demonstrate support for PSMF by conducting the following, as, if and to the extent that Cardinal Health deems it reasonable and appropriate, as determined by Cardinal Health in its sole discretion:

- Spreading the mission of 0X2020 to the Cardinal Health community
- Designating Cardinal Health team members to support APSS workgroups (e.g., Nasogastric feeding tube placement and verification and DVT embolic events)
- Sharing Actionable Patient Safety Solutions (APSS) within the Cardinal Health community
- Utilizing PSMF educational resources for training purposes as applicable if and to the extent approved by Cardinal Health in accordance with Cardinal Health's collateral approval processes and policies
- Encouraging and facilitating the sharing of successful processes to eliminate preventable deaths among healthcare leaders within the Cardinal Health community

We at Cardinal Health are honored to support ongoing improvement in patient safety alongside the Patient Safety Movement Foundation. Cardinal Health may revoke this letter at any time immediately upon written notice.
