

## **Oxford Medical Simulation** **Commitment to Action**

Oxford Medical Simulation is pleased to announce their support of the Patient Safety Movement Foundation (PSMF) and mission to eliminate preventable deaths by 2020 (OX2020).

Oxford Medical Simulation is a virtual reality medical simulation company delivering evidence-based, quality, standardized training to healthcare professionals. Our learning platform expands access to immersive simulation allowing healthcare professionals to practice and learn from their mistakes without putting patients at risk.

Our focus is on improving on decision-making under pressure, reinforcing diagnostic and treatment pathways and reducing medical error to improve patient care and safety.

As a committed organization, Oxford Medical Simulation will demonstrate alliance with PSMF by:

1. Spreading the mission of OX2020 to Oxford Medical Simulation members and network
2. Participating in the PSMF's Actionable Patient Safety Solutions (APSS) workgroups to develop a Simulation Plan for select topics (*e.g. Early Detection and Treatment of Sepsis*)
  - a. Participating in the PSMF's special topic workgroups (*e.g. Patient Safety Curriculum in Schools*)
3. Disseminating the PSMF's APSS within the Oxford Medical Simulation community
4. Asking hospitals connected with Oxford Medical Simulation to implement APSS and make formal commitments through the PSMF to improve patient safety
5. Promote upcoming events, educational opportunities and speaking engagements

We at Oxford Medical Simulation are excited to announce our commitment to improve patient safety.

Yours,

Dr. Jack Pottle (BSc, BMBCh, MRCP)  
Medical Director  
Oxford Medical Simulation
