### **Chapman University School of Pharmacy Commitment to Action**

Chapman University School of Pharmacy (CUSP) is committed to support the Patient Safety Movement Foundation (PSMF) and its mission to eliminate preventable deaths in institutions by 2020 (0X2020).

As the first School of Pharmacy in Orange County, our vision is to become a nationally recognized leader in pharmacy and patient safety initiatives while offering an innovative, interprofessional and personal approach to education and health care delivery that also generates interdisciplinary, impactful research that advances global health and wellness.

Our mission is to educate and train pharmacists and pharmaceutical scientists by engaging them in team-based, patient safety focused health care and to conduct transformative research and scholarship, that serves our communities' need for health and wellness.

As a committed organization, CUSP will advance alliance with the PSMF by the following:

1. Providing state-of-the-art clinical and economic expertise to support patient safety and PSMF initiatives.
2. Spreading the mission of 0X2020 to students, professors, administrators and within the academic, scientific and professional communities.
3. Leading the PSMF's "Medications" Actionable Patient Safety Solutions Workgroup and participating in other workgroups according to CUSP's expertise and PSMF's needs.
4. Contributing to the design and implementation of interdisciplinary safety curricula in health sciences higher education.
5. Encouraging CUSP's network of leaders in various health care institutions to participate in the Movement initiatives and implement Actionable Patient Safety Solutions.
6. Engaging CUSP's different stakeholders of the pharmaceutical market, including legislators, regulatory agencies and organizations, payers, insurers, pharmaceutical manufacturers, wholesalers, managed care organizations, hospitals and other health care providers, pharmacies, caregivers, families and patients.
