

**National Association for Healthcare Quality
Commitment to Action**

The National Association for Healthcare Quality (NAHQ) is pleased to announce its support of the Patient Safety Movement Foundation (PSMF) and its mission to eliminate preventable deaths by 2020 (OX2020).

Founded in 1976, the National Association for Healthcare Quality (NAHQ) is the only organization dedicated to healthcare quality professionals, defining the standard of excellence for the profession, and equipping professionals and organizations across the continuum of healthcare to meet these standards. Our mission is to prepare a coordinated, competent workforce to lead and advance healthcare quality across the continuum of healthcare leading to positive health outcomes.

As a committed organization, NAHQ will demonstrate alliance with the PSMF by the following:

1. Spread the mission of OX2020 to NAHQ members and network
2. Annually disseminate Actionable Patient Safety Solutions (APSS) to NAHQ members
3. Participate in the PSMF’s advisory committee and helping to provide feedback on the PSMF’s Actionable Patient Safety Solutions (APSS) workgroup challenges as needed. *(i.e. Patient Safety Curriculum for Schools)*
4. Support upcoming events, educational opportunities and speaking engagements pertaining to both parties *(i.e. NAHQ’s National Quality Summit, Midyear Planning Meeting, 7th Annual World Patient Safety, Science & Technology Summit, CPHQ Certification)*

We at NAHQ are excited to announce our commitment to the Patient Safety Movement Foundation to reduce preventable death and improve patient safety.

Signed,

National Association for Healthcare Quality
