Taiwan Society of Anesthesiologists

**Taiwan Society of Anesthesiologists  
Commitment to Action**

The Taiwan Society of Anesthesiologists (TSA) is pleased to announce our support of the Patient Safety Movement Foundation (PSMF) and their mission to eliminate preventable deaths by 2020 (0X2020).

The Taiwan Society of Anesthesiologists (TSA) was founded in 1956 and now has more than 1,400 members. TSA is an educational, research and scientific society and is committed to aiming for highest quality of anesthesia, perioperative patient safety, intensive care, critical emergency medicine and pain management.

As a committed organization, TSA will demonstrate alliance with the PSMF by:

1. Spreading the PSMF's vision and mission to TSA members and network.
2. Participating in the PSMF's Actionable Patient Safety Solution's (APSS) workgroups and helping to identify subject matter experts to contribute to the development of mutually aligned topics.
3. Asking members to implement APSS or share their own successful processes to eliminate preventable deaths, and make their own commitments to the PSMF.
4. Providing opportunities for learning and teaching patient safety.

We at the Taiwan Society of Anesthesiologists are excited to announce our commitment to improve patient safety.

Signed,

Taiwan Society of Anesthesiologists
