The New York State Society of Anesthesiologists

Commitment to Action

The New York State Society of Anesthesiologists (NYSSA) is pleased to announce their support of the Patient Safety Movement Foundation (PSMF) and mission to eliminate preventable deaths in hospitals.

The New York State Society of Anesthesiologists, Inc. (NYSSA), is an organization of physicians and scientists dedicated to advancing the specialty of anesthesiology and providing the safest and highest quality patient care to the citizens of New York State.

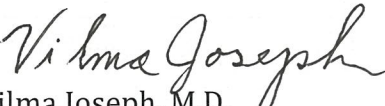

As a committed organization, NYSSA will demonstrate alliance with PSMF by:

1. Spreading the PSMF's mission and vision to NYSSA members and network.
2. Participating in the PSMF's Actionable Patient Safety Solutions (APSS) workgroups and helping to identify subject matter experts to contribute to the development of aligned topics. (*i.e. Patient Safety Curriculum, Medication Safety*)
3. Annually disseminating the PSMF's relevant APSS to NYSSA members and network.
4. Co-Branding one or multiple of the PSMF's Actionable Patient Safety Solutions (APSS) (*i.e. Patient Safety Curriculum*)
5. Asking members within NYSSA's network who are working in hospitals to implement APSS, or share their own successful processes, to eliminate preventable deaths. And, make their own commitments to action to the PSMF.
6. Staying in touch regarding upcoming events, educational opportunities and speaking engagements pertaining to either parties. (*PostGraduate Assembly in Anesthesiology (PGA), PSMF's Annual World Patient Safety, Science & Technology Summit*)

PSMF shall not have the right to use the NYSSA trademark, trade name and/or logo without prior mutual written agreement from the owner.

We at The New York State Society of Anesthesiologists are excited to reaffirm our longstanding commitment to improve patient safety.

Signed,

Vilma Joseph, M.D.
